

The Magic of Avalon Eyrelin: Book 1 of the Dreams and Worlds Series (Volume 1)

It all started when she was a child and discovered a magical doorway to another world. Quickly, she made friends there, and made more discoveries, about herself and others in that world that were beyond surprising. But in that world lurks an evil an evil from her own world. Is it possible that her gift is the only one that can defeat Melandrach the Black? How could she ever be strong enough? How could it be up to her? Or IS it up to her? With a furry little Nemor as her closest companion, nineteen year old Avalon Eyrelin explores the world of Merellian and discovers her strength and her weaknesses. And somehow or other, in the process, a young girl reaches womanhood.
