

# Jake Edwards & The Gentle Phenomenon (Jake & Phen Adventures Book 1)

Set in the 1960s a young man named Jake Edwards, who on the way to his weight training club is crashed into by a phenomenon from a far off galaxy. The phenomenon, which he shortens to Phen, gradually passes on to Jake a number of powers. These powers he has to learn to use in subtle ways, as he is not allowed to use them to physically harm any fellow human beings, even if certain humans may deserve ill treatment. Gradually, as the often quirky/funny relationship between Phen and Jake deepens, they get themselves into all sorts of scrapes, including going after a Drug Barons money.
