

His Haunting Kiss (His Kiss Series Book 1)

When she was nine years old, Boston Kane did not believe in ghosts. That was before the dead started talking to her. Now fifteen years later, Boston runs an amateur ghost hunting business with her best friends. Her family doesn't see the point. Not until her sister marries a local millionaire, and moves into a haunted mansion that is no amusement park ride. Boston has no idea what she's in for at Horeland Estate, where a spirit unlike anything she has ever seen, felt, or heard lingers. The circumstances of his death are a total mystery. Plus, he is a stubborn hot-head who wants to play the hero. But he sure is gorgeous.
