

The Psychology of Ethics: Understanding What It Takes To Do The Right Thing At The Right Time

Do you know ... Your personal psychology of ethics? What it takes to do the right thing at the right time? The meaning of ethics, integrity, and character? Why good people act unethically? How to promote, inspire, and encourage ethics? This book provides a framework to help you answer these questions. It describes a personalized approach to ethics that empowers you to discover and do the right thing at the right time. In addition to exploring the various ways of defining an ethical act, this book sets forth seven steps to Ethical Virtuosity being a master at recognizing ethical dilemmas and effectively dealing with the conflicting psychological forces that occur when you have to decide right from wrong.
