

WINNER OF THE 2012 WONDERLAND AWARD FOR BEST COLLECTION!

Digital edition includes bonus short story Wet Nurse as well as We Need to Make Things More Repulsive: The Early Sketches of Nick Gucker! A tour-de-force! Goodfellows latest is his best yet. Compulsive, breakneck reading! --BRIAN KEENE, author of The Rising and Ghoul ITS THEIR WORLD... NOW GET THE FUCK OFF! Whether on the sun-kissed beaches of a nameless South Pacific paradise or in the suffocating dungeons of retail Hell, the misfits of evolution and mistakes of misbegotten science are battling, breeding, and feeding. And they're looking at you... COMING ATTRACTIONS! They came seeking cheap thrills and interspecies recreational sex, but they reaped a whirlwind of clusterfuckery when they toyed with the unspeakable forces of monster lust. From the idyllic nostalgia of WW2 to the thoroughly bat-shit future, witness the wages of sin and mutation as you've never seen them before (unless you read them previously in the periodicals or anthologies in which they first appeared)! OUR MAIN FEATURE! The world gave him a blank check and a demand: Create giant monsters to fight our wars. But Dr. Otaku was not satisfied with mere chaos and mass destruction... Even as his subversively delicious kaiju creatures undermined the very fabric of American life, he hatched a scheme to animate the cities themselves and inaugurate a new dark age of mega-monster abominations who would finally give humanity the ass-whipping it deserved. Now only one man, riding inside the skull of a much larger man, stands between us and the planet-devastating madness of... ALL-MONSTER ACTION!
