

Piano Town Level 1 Learners Pack - Lesson, Theory, Performance and Technic Books

Piano Town is the perfect place to learn to play the piano! A Multi-Key method with an intervallic concentration and a Middle C start, Piano Town combines the best of pedagogy to date with innovative new ideas. Students will love the contemporary feel as they discover the musical wonders of Piano Town. Teachers will love the success of its interactive discovery learning approach! Lessons is the core of Piano Town. The controlled, steady pacing of the curriculum introduces one element at a time. Each concept is presented in a consistent, reliable format. This clear presentation helps students focus on new skills and information. Lessons Level 1 (46 pages) (MP101) may be used by students who have completed the Primer Level, or as a first book for beginners age 11 to 13. It begins with a review of Primer Level concepts, then introduces key signatures and V7 chords for C, F and G Major. Playing is all done in 5-finger positions, but includes position changes within pieces. New signs and terms include crescendo and diminuendo, mp and mf, 8va higher and lower, accent, natural sign, and dotted quarter. Damper pedal is introduced at page 38. Students will also learn how to transpose. Performance Level 1 (MP131), offers students an opportunity to apply what they have learned in Lessons. The variety of folk songs, familiar tunes, original music, and classical literature is ideal for use in recitals and festivals. Technic Level 1 (MP121) provides page by page support of the technical skills introduced in Lessons. Each new exercise isolates one element of piano technic, giving the student a chance to focus on each specific skill. Theory Level 1 (MP111) provides page by page support for each concept introduced in Lessons so that theoretical knowledge keeps pace with performance skill. The study of music theory is an integral part of a complete musical education. Using Theory

simultaneously with Lessons will help students learn and memorize music more easily and accurately.
