

The Hyde Park Zombie Apocalypse!

Its hard to be in middle school. Its even harder when you have to survive world-wide nuclear destruction, fiendish viruses that mutate people into cannibals, fast food gone wrong, undead parents with greedy appetites for human brains, and friends losing their sanity! This is a collection of original stories written by real middle school students. Each tale is a unique perspective into the teen mind. Everything from pop culture and teen romance, to bathroom humor can be found within these stories. There are tales of ridiculous silliness, adventure, and downright gritty, horrific, and disturbing narratives. May you enjoy the talents of these young writers as you thrill to these tales of the shambling undead!
