

Mel Bay Rhythm Guitar Chord System

Commonly referred to as the rhythm guitarists bible, this innovative book is a system of guitar chord formation which maximizes power voicing while minimizing left-hand movement! Originally written by Mel Bay in 1947, this landmark publication was reissued in its original typesetting in 1973 to become the definitive text on jazz chords in private teaching studios and university jazz guitar departments around the globe. Mr. Bays practical, analytical approach to the fingerboard produced this comprehensive system for learning full-sounding orchestral jazz guitar chords. DVD included.
