

## Tempest: The Scribes of Medeisia, Book 2

We must overcome and prevail... King Raemon of Medeisia is slaughtering tattooed scribes and mages, forcing them into hiding. All marked and those associated with them are destroyed. The people are desperate. Months after challenging Raemon, the marked rebels of Medeisia must rise against their bloodthirsty king or chance being annihilated. Sixteen year-old Drastona Consta-Mayria is the prophesied phoenix of peace, desperate to be a leader for her people despite her reservations. Following the lead of a scarred and forgotten prince, Drastona will embark on a journey with an unlikely band of rebels and a dragon across a cursed desert to bring down a king and save a kingdom.
